## Intro

### ***Change only can takes place through action!***

*It is time to act! It is time to realize World Peace. To realize an inspiring future perspective for all young people on this planet. Let's organize a clean, green and futureproof planet where war, poverty, hunger, racism, isolation, loneliness, slavery, abuse, crime, inequality, exclusion, destruction, pollution and social, political and cultural divisions are belonged to the past. Let's realize happy, healthy, self-sustaining communities where people are living and working together at the level of freedom, direction, autonomy and self-reliance. We can realize it in a simple, elegant and intelligent way. At the High Frequency level of flow, Serendipity (synchronicity) and win-win for all.*

### ***The future depends on what we do in the present – Mahatma Gandhi***

*I have designed the Global Peace Building Program to unlock potential, to activate Human Capital and to organize the uncompromising paradigm shift from sceptis to see the solution. From talking to doing. From a narrowed to an expanded consciousness. This doesn't happen by itself. It starts with training based on the consistent implementation and anchoring of universal core values (respect, honesty, equality and unconditional love) in attitude, behavior and mindset. In policymaking, decision-making and quality of leading, governing, acting, learning, performing, communicating, collaborating and organizing politics.*

### ***If we want to change the fruits (results), we need to change the roots!***

***This is an invitation to join the most revolutionary and pattern breaking awareness program of all times.***

*It's life changing because of the strategy to accelerate the expansion of consciousness. It's Mind-blowing because of the quantumleap to TOPLEVEL awareness. From this zero-limit perspective (meta vision) you can see how to solve current challenges and historical issues at the root cause side. Let's stop give people fish, let's teach them how to fish. Let's give people the most practical and logical skills to become an inspiring leader, a master of manifestation and a person free of prejudices. This have benefit for a lifetime and the next generations.*

### ***If we can see it, we can do it – Walt Disney***

***This amazing awareness program starts outside the box and outside our comfort zone.***

*Here, In the quantum field of possibilities, you will experience the impact of self-love, self-confidence, self knowlegde and self-empowerment. Let's make world peace topic number one in our agenda's. Let's realize world peace before the end of 2025.*

*Problems always arise at the unconscious and low-frequency level of consciousness (fear, dooming, divisiveness, pointing and projecting).
